How to Raise An Adult

Based on her New York Times bestselling book by the same name, in this talk Julie draws on her own insights as a mother and as a student dean to highlight the ways in which overparenting harms children, their stressed-out parents, and society at large. While empathizing with the parental hopes and, especially, fears that lead to overhelping, Lythcott-Haims inspires audiences to examine their behaviors and join the growing movement to allow children to develop the resourcefulness, resilience, and inner determination necessary for success.
